MESSAGE

FROM THE PRINCIPAL

Dear students, parents and fellow members of our school community, This year, Geraldton Grammar School has celebrated 20 years of contributing outstanding education to the Midwest. Looking back, our school's rich history has been filled with God's blessing. Although I have only joined our community in recent years, I am thankful to have been given the opportunity to be amongst this year's festivities. I have treasured the time I have spent with the students and the whole school community, with our Old School Fete being one of my highlights.

To my students - every morning when I see your radiant faces as you enter the school, I am enlivened and invigorated by your energy. You are my inspiration. I know that you have experienced great growth this year, in mind, body and spirit. Please remember that learning is not a process limited to school hours nor does it end with the conclusion of your school career. Live in the present and continue your appetite to learn from the whole world around you. Life is more fun when you are immersed in it!

To my professional and caring staff - thank you for your dedication and your passion. Educational research consistently states that the most important factor for making a difference in a child's education is the quality of the teacher in the classroom. At Geraldton Grammar School, we have so many wonderful practitioners. Thank you for your commitment. I would like to recognise the following staff who this year have completed 5 years of quality service to our school community: Mr Nigel Da Silva, Mrs Michelle Glynn, Mrs Nerina Gray and Mrs Kerri Jefferies.

I am also very proud to recognise the achievements of our 10 year veterans: Mrs Julie Carroll, Mrs Elizabeth Elliott-Lockhart, Mr Kim Chatfield, Mrs Jenni Winterbine, Mrs Sue Mundy and Mrs Dawn Regan. Finally, I would like to thank Mr John Aston who is retiring after contributing 19 years of service at Geraldton Grammar School. Mr Aston was instrumental in establishing the school's fine academic reputation and is a true gentleman. I wish you well in the next phase of your life.

To our parents, P&F Association and to the Board of Governors - the traditional African proverb "It takes a village to raise a child" has been widely quoted when examining the partnerships required during the maturation of our youth. Our 'village' has never been more necessary than it is today. We live in a frenzied world of continuous change and with that, there are pressures from all quarters. Today's children are faced with a host of both challenges and opportunities. Partnerships and supports are welcome and necessary to prepare our students for tomorrow. We are blessed at Geraldton Grammar School to have wonderful support, strong community partners and governance, and a true 'village' approach. I love our "village" and I thank you for your support in this year of celebration.

Nick Johnstone

MESSAGE

FROM THE BOARD OF GOVERNORS

As I reflect on the year that was, I take this opportunity on behalf of the Board of Governors of Geraldton Grammar School to thank all members of the school community for your support of our school again this year. We are very blessed to have such a dedicated team of staff, as well as our hard working parent body and board members who, once again, have all made valuable contributions during 2016 to ensure that Geraldton Grammar continues to deliver a quality educational experience for all of our students.

Together with the Board, our Principal, Mr Nick Johnstone, has worked hard to ensure the continuation of our excellent reputation which enables families to make an easy first choice when seeking a high quality education for their children. On the 8th of September 2016 the new classrooms and science rooms were officially opened by Melissa Price, MHR, Federal Member for Durack. These facilities were made possible as a result of the capital building grant from the Federal Government and a low-interest loan from the WA Government, and have added a very welcome 'state of the art' addition to our school.

During September, we were also honoured with a Vice Regal visit from Her Excellency the Honourable Kerry Sanderson AC, Governor of Western Australia. Her Excellency was highly impressed with our school and very much enjoyed interacting with the children during her visit.

2016 was a significant year in the history of Geraldton Grammar School as we marked our 20th Anniversary. It was wonderful to reflect back on all the achievements and the growth of the school population over this time, from humble beginnings of 57 students in the early days to well in excess of 500 at the current time. Unfortunately, the year was tinged with sadness too, as we mourned the loss of the Foundation Headmaster, Mr Tony Brooker in October and a Foundation Board Member, Mr Charlie Brooks in July. Both individuals will continue to be revered in high esteem for their selfless service to our school over an extended period. Sadly, we also farewelled one of the past teaching staff members, Mrs Marilyn Crosthwaite, who passed away during the year. The loss of these three dedicated individuals from our school community is felt keenly and we extend heartfelt condolences to the families and loved ones.

In conclusion, I sincerely thank each member of the Board for their commitment this year and particularly acknowledge the efforts of Deputy Chair, Gareth Rowe. I acknowledge and thank the Business Manager, Graeme Munday for his executive support and service to the Board.

The Board also acknowledges the efforts of the Senior Management Team and each and every member of the academic and support staff who work tirelessly to ensure that our students continue to enjoy high quality educational facilities, experiences and outcomes.

To the year 12's who have now left the confines of school routines and have ventured into the next chapter of your lives, the Board wishes each and every one of you every success for your future. May you all enjoy lives filled with excellence, happiness and adventure. Thank you for being a part of Geraldton Grammar!

On behalf of the Board of Governors, I extend sincere appreciation to all staff and parents for your support during 2016 and we look forward to your continued support in the years ahead.

Jenny Rolston - Chair

We have had a very exciting 20th birthday year at Geraldton Grammar School with the P&F being involved in many activities which were a lot of fun and helped showcase the school. Our sincere thanks go to the wonderful parents who have helped throughout the year.

While the P&F does help coordinate fundraising to benefit all students from kindy to year 12, it is important to note we are focused on enhancing and building the community of Geraldton Grammar School.

Our P&F committee members deserve a special thank you for their continuing enthusiasm to plan and help successfully run the many different community activities offered throughout the year.

The 2016 committee members have been a remarkable group of devoted parents who are here essentially to help improve the school environment for all our children and parents. Many thanks go to Brendon Davies (Vice President), Rebecca Goodwin-Parry (Secretary), Josie Pane (Treasurer), Helen Painter, Kellie Criddle, Emma Boys and Andrew Hyde.

We hope to see you all again in 2017 helping out and making our school a better place for everyone. I would love to see some new faces and make some new friends!

MESSAGE

FROM OUR SCHOOL CAPTAINS

Liam & Rukaya

It has been an honour to finish my schooling life as School Captain for 2016 as it made my last year incredibly interesting with new responsibilities and opportunities to give back to the school. Not only have I had the responsibility of leading, I have represented the school at events such as the 20th Anniversary celebrations of GGS, official opening of I block and the ANZAC Day ceremony, as well as plenty of other great moments this year. However the best and most memorable experiences I've had as School Captain have always involved the students. From the sport carnivals and house activities to the massive game of Camouflage the 2016 leaders held together. There is plenty of excitement and enthusiasm from all students and as a leader you get to interact with more students than usual. So by the end of this year I knew a majority of the middle and senior school students and every one I met left me feeling privileged to lead an awesome group of people making the farewells up the driveway on Valedictory Day all the more special. I wish everyone at Geraldton Grammar the best of luck and I urge for everyone to seek out opportunities in life. I hope everyone enjoys their journey as much as I did mine.

Liam Sipila

Having joined Geraldton Grammar School in year 4, it was both an honour and privilege to be elected as School Captain for my final year of schooling. The extra leadership responsibilities and opportunities that came with the role enabled me to grow as a person and create social networks throughout all year levels in the school, making my final year much more enjoyable! Throughout the year I had countless opportunities to represent the school, highlights being the ANZAC day ceremony, representing Grammar at each school ball and attending the opening of the STEM building. Each opportunity brought new experiences and leadership skills that will stay with me for many more years to come. This year has proven to be a fun one, with lots of whole school interactions through sports carnivals, house activities and inter-homeroom competitions. Without the support and friendships made this year from across the whole school community, the task of School Captain would definitely have been a lot harder! I am grateful for the countless opportunities Geraldton Grammar has provided me with, in particular, the journey of School Captaincy! I wish the 2017 School Captains and the rest of the Geraldton Grammar School Community the best of luck, and hope their journey to be a successful and rewarding one!

CELEBRATING
20 YEARS

20 year celebrations

1996 - 2016

This year, Geraldton Grammar School celebrated 20 years since the inception of the school. To mark this milestone event, a sundowner complete with birthday cake and a whole school photo, was held on campus in February which gave students, parents and staff an opportunity to reflect on how far the school has come in the past two decades.

During August, Geraldton Grammar School continued the celebrations with an 'Old School Fete'. Whilst the weather threatened to be unkind in the lead up to the event, for the three hours of the fete the sun shone brightly as did everyone's smiles.

Our concert and rock bands provided a festive, upbeat environment for children, parents and staff to get into the fete spirit. Highlights included; bouncy castles, plaster painting, showbags, musical instrument making, fairy floss, face painting, chocolate toss, tractor pull, super science fun, photo booth, splat the teacher, 20 birthday library exhibition and so much more.

We ended the celebratory year with an Alumni Sundowner. It was great to see some old student and staff faces back on campus.

What a year! We're looking forward to our next 20 years being as progressive and impressive as the last 20.

Why I love Grammar

It has great teachers who encourage you and make learning fun. The play areas are dreamy with the green grass and the technology is amazing for all the computers and robots...

ANNA

I like it because it helps kids who struggle with some subjects and doesn't allow bullying. It is a very kind and loving school and I feel like all of our school is part of my family.

STELLA

The gardens are amazing thanks to Rose, and our school glitters like stars thanks to the cleaners. We have really cool computers to do our work on.

RYAN

We have the yummiest food, everyone is kind and we all try our best...

MILLA

There's lots to play with, great teachers and the canteen ladies make yummy food..

TRENT

Everyone thinks Grammar is a wonderful place for kids and it's a caring environment and I agree. There is no bullying and the teachers are the best in the world, especially

Mrs Buckley.
CALEB

At my old school my teachers would get sick all the time and I would have a new one every week. At Grammar, the teachers stay the same.

BILLY

I love Grammar because it has awesome teachers and great friends.

LEXI

We have our own computers to research on...

ABBIE

Such a lovely place here everyone is so kind and no judgements are shown by teachers or students. This is sure a place I can call home. LILY

It has lots of friendly people to help you

HANAH

WE have great learning activities like Mandarin, art, music and sport.

WHAT WE ENJOYED MOST ABOUT OUR PRIMARY YEARS...

Jameela I really enjoyed the dress up days, special services, camps, lessons and all the special moments with friends.

Ben - I really liked the school camps and all the privileges we get at this school like incursions and excursions.

Isabella - I have really enjoyed learning with the welcoming group of kids here.

Ruby - I enjoyed the memories I made with teachers and students. I have loved all the privileges I have had here, including being house captain.

Amity I enjoyed all the assemblies and the commando course because they were fun.

Taylor - I enjoyed all the camps we went on, having lovely teachers, being in the band, having such good friends and all the carnivals.

Tyler - I enjoyed the STEM day where we used the lego.

James - I liked all of the carnivals and cross country. I also liked the nachos in the canteen and I loved all of the school camps.

Raine - going to Canberra, being far away from home and doing lots of fun things.

Jaime-Lee - I enjoyed all the camps that we go on because it is really fun and a great way to learn.

Amber - going on the Canberra trip and going to the Canberra Zoo.

Mia - having teachers help me with my work.

Middle School

Top 5 highlights of 2016 from Mrs Faichney, Head of Middle School:

- STEP - watching the camaraderie of the year 7 students develop as they transition into middle school.
- Dynamic Discovery Day - always so much fun. New students are cautious at the beginning of the day and are full of smiles and comfortably chatting at the end of the day.
- Camps - embracing challenges beyond the classroom at Nukara, Morsbey, Galena and Outward Bound.
- Chinese Exchange - visiting and hosting students from Putuo No 2 Middle School, such an amazing experience that brings the language and culture into our students lives.
- Round Square - wonderful opportunities for our students who embraced a conference or year 8 exchange within Australia.

We do not need magic to change the world,
we carry all the power we need inside
ourselves already; we have the power to
imagine better.

- J.K.Rowling

Do not follow where
the path may lead.
Go instead, where
there is no path and
leave a trail.

- Ralph Waldo
Emerson

The future
belongs to
those who
believe in the
beauty of their
dreams.

- Eleanor
Roosevelt

You have brains in your head.
You have feet in your shoes.
You can steer yourself
any direction you choose.

- Dr Seuss

Some final words from our Class of 2016

Education is the key
to unlocking the
world, a passport
to freedom.

- Oprah Winfrey

Your time as a
caterpillar has
expired. Your wings
are ready.

Mr Tony Brooker

Our Foundation Headmaster, Mr Tony Brooker, passed away in October 2016.

Tony was instrumental in supporting the foundation Board of Governors in establishing the school, with his help dating back to 1992. He was very active in the education community in Geraldton and was involved in Geraldton Grammar School right up until his passing.

He was a Member of Board at Geraldton Residential College for 12 years and was chair from 2006 to 2012. He also was an active contributor and Board Member of the Geraldton Universities Centre.

Tony is remembered within our community with the Science building named in his honour and the AA Brooker Award which is recognised by the Board of Governors for members of the community who have had extraordinary contribution to the school.

We remembered and honoured Tony at a special chapel service where the school community gathered to reflect on Tony's legacy and to pray for his family. Mrs Jenny Rolston, our Chair of the Board of Governors, spoke about her and Mrs Sheila Flanagan's (our foundation Chair of the Board) memories of Tony from the early days of the school. Mr John Royce, past Principal (2014) and foundation staff member, also contributed with a reading.

The 2017 Student Leaders were active within the service, reading comments from Mrs Susan Shaw (Principal July 2000 to December 2013) together with prayers and readings.

He will be missed greatly within this and other school communities including Bunbury Cathedral Grammar School, where he was Principal prior to moving to Geraldton.

2016 CAMPS

Students give us some insight into why they loved year 3 camp...

Zac - I thought it was good because we didn't have to go home and we played heaps of fun games. It was fun because we got to eat popcorn and watched a movie before bed.

Matilda - I thought it was great because we did campfire songs and we watched a movie and we did lots of games and played in the playground.

Hamish - I thought it was fun because we got to play lots of fun games and had a yummy dinner.

Todd - It was fun because we got to sing campfire songs and watched a good movie and had a yummy dinner. It was so yummy!

Caitlyn - I thought that the Year 3 camp was excellent. The tents they provided and food they cooked and how Mrs White taught us campfire songs was awesome.

Year 6 Camp - Canberra

Fun....awesome.....cold..... were just some of the words the year 7s used to describe their Nukara camp experience. The 3 day 2 night camp was a chance for the year 7 students to further their understanding of sustainability as part of their science studies, as well as to take part in a variety of activities from basket weaving and sketching, to an orientation around the camp site. The students were visited by Just Raptors with their birds of prey, they built shelters, made damper, sailed model rafts in the creek and learnt that water is wet and mud is slippery! For some it was the first night in a tent, for others it was a chance to enjoy just being outdoors.

YEAR 7 CAMP NUKARA

Year 8 Moresby Ranges Camp

Australia has a unique ancient history and a wide diversity of land forms and living things. Sometimes all you need to do is step out your back door to discover this. Our year 8 students don't travel far for their camp but explore way beyond their horizons.

Galena's

There is not much left now. Sometimes a student would find a finely painted tea cup handle. There were bits of what would have been exquisite china plates laying in the dirt. We googled the maker's name on the shard to discover the china came from a prestigious company in England. Was England still home then? Did eating off china remind them how far they had come and how far away they were?

We smashed rocks open to find the galena. A couple of students were amazed at how bright and attractive the ore was. Can you imagine a thick vein of that running through the earth, under the river bed, and hacking at it with your pick, sweating in the government issued uniform in summer here? What thoughts did the convict allow into his head as he broke apart the rocks? What stories did he tell himself to get through the day and the week, or the year, or his sentence?

Ghost stories

On the last night we all sat on the bank of the river and took turns telling ghost stories. A number of students and teachers stood up and told theirs. We listened in the dark in silence. Mr Bibrik spoke of when he was younger driving across the wheatbelt and saw an orb of light hovering just across the ground in front of his car. There are stories of these lights all across Australia. They somehow circle you and then disappear. Although they don't have a human form, or are without any form at all, they still make you afraid.

Normally we could cross the river but there was too much water. Perhaps it is a good thing because that is where the graveyard is, on a hill leading gently down to the river. In the graveyard there is an empty grave. No one knows why. But there are stories about that too.

Year 9s

It is amazing how much a week in Perth can change the way students think about their future careers, their education and the opportunities that are available to them.

It's also amazing how much we can fit into that week; five universities, a CBD treasure hunt, course counselling sessions, careers pathway mapping, physical challenges, a shopping spree and a seafood feast.

VOCATIONAL EDUCATION AND TRAINING

For 1 or 2 days each week a number of our Senior School students head off-site to Central Regional TAFE or work sites to complete vocational education and training.

The opportunities our training partners provide for our students are unparalleled in what can occur on site.

These students achieve units of competency and VET certificates whilst at the same time working towards their WACE.

STEM DAYS

Experiential learning is one of our foundation philosophies. The idea that hands-on learning and being involved in the experience is vital to the educational growth.

Our students are engaging in the much-touted STEM (science, technology, engineering, maths) initiatives with hands-on learning on a regular basis and they are loving it. Students are working with a variety of robotics and coding products as well as 3D printers.

Back Row: Lauren Newnan, Paige Remison, Mahana Roy, Paul Ayella, George Magsou, Harry Adamson, Mitchell Crabb
Front Row: Ella Johnson, Talia Watts, Warritha Rayabeni, Jarrod Tonkin-Sloan

This year has turned out to be one that was full of high profile exposure, outstanding skill development and new performance opportunities for the students within the Instrumental Music Program.

Our concert band and rock band ensembles paved the way across four terms of the year, providing outstanding public performances at events such as the Biggest Morning Tea, Anzac Day service, the Old School Fete, Band Spectacular, Rome Sweet Rome and the IMP Showcase Performance, to name just a few. Both ensembles and the middle/senior school choir also competed at the 2016 Geraldton Music Festival. Each group totally wowed both the audience and the adjudicator, achieving outstanding results and first places in their respective sections.

The students within the IMP are all dedicated, passionate and enthusiastic students who generate an incredible amount of pride, not only upon themselves but also upon our whole school community.

Collaboration with our sister schools: Mother's Global School Delhi, India

This year was full of fantastic opportunities for building partnership with Mother's Global School in Delhi. Through many different collaborative activities, friendships were built between teachers and students in both countries. Our primary school choir helped the children in India learn our national anthem and school song by sending a recording for them to sing along to. Year 7 students exchanged letters to better understand what life was like in a megacity and an enthusiastic group of year 10 students engaged in a human wellbeing project which involved Skype sessions with other classes in India.

NEPAL

Geraldton Grammar School has been supporting Shree Janakalyan Primary School in Nepal for several years now, raising money to assist with the improvement of its facilities and resources for the students and staff. Fundraising efforts by the students at Geraldton Grammar School have provided a new roof for classrooms, installation of a pump and water tanks to provide access to water at the school for drinking and hygiene, and the purchase of educational resources. This year's main fundraising event for Shree Janakalyan Primary School was a free dress day with students and staff asked to dress representing a 'decade'.

Service Learning

Geraldton Grammar School has a strong commitment to Service Learning, both on campus and within the wider community.

Service Learning is designed to connect meaningful community service experiences with academic learning, personal growth and civic responsibility.

The program seeks to raise awareness of the needs of others and develop a culture of responsibility, caring for others and inspiring a sense of empathy towards all members of the community.

This year our students and staff participated in Australia's Biggest Morning Tea, Relay for Life, Old School Fete preparations, RSPCA's Million Paws Walk, made Uthando dolls, supported the Samaritan's Christmas Child shoe box and the local Food Bank appeal. They also delivered blankets, beanies and scarves to people in need in time for winter and formed regional Western Australia's first Interact Club.

I am a girl, a black girl.
Never black, and then girl or
Girl, and then black.

You people see this negative image of me,
Without saying a word to me.
Why it that?
Is it because I'm a few shades darker than you?
Or how I have a unique glow to my skin?
Or how I outshine you?

Don't be so quick to judge.
I'm not angry.
I'm not emotionless.
I'm not uneducated.
I don't like changing my hair everyday.
I don't have fried chicken and watermelon in my lunch.
I don't steal.
I do have a good father.
I don't do drugs.
And I'm not aggressive.

Sure, living in a country where the most of the population is white, I
stand out.
But the colour of my skin or what I believe in shouldn't determine
who I am.
My skin is soft, silky, and smooth and I love it.
My culture is vibrant in colour, strong with pride and full of
passion.
My beliefs make me a better person.

These values, these features,
Make me who I am.
Your values, your features,
Make you who you are.

YEAR 7

Claire Von Rumbleston by Connie Greeve

Why can't they see you, Claire?
What is missing about you, Claire?
Why can't they hear you, Claire?
When you run through my room
And whip up my books
Why aren't they angry, Claire?

They are old my friend
No imagination anymore
I can't be real if they don't see me
But can't we get their imagination back,
Claire?

No we can't
The lifeless figures
Wandering day to day
Nothing left to share
No more joy
Or even sadness
Just dead imagination
Like Robots in despair

Year 8
The Stapler by
Hayden Messina

His plastic skin all smooth and
shiny, held up straight by a metal
spine.

His teeth of steel, sharp and
bright, No need for him to use them.

He searches for the perfect piece, no
creases, folds or rips for him.
He is the perfect match maker,
pairing paper in an eternal marriage.

Year 12

The Innocents

by Rosie-Ann Bogumil

The children that played on the streets were young,
Young and carefree.
But there's a word for that;
It's called naivety.

Their cheeks glow in the light, from lilting lanterns
That are strung,
Between roughly paved streets
And coloured houses, they hung.

Pristine powdered faces, of pink and gold geishas,
White, like clouds from the sky.
A sky that quickly darkens,
A shadow dropping in on the sky.

Clouds now lay, burnt and broken. A susurrus
Of limb against limb.
Others, carbon shadows,
Linger on Dante's rim.

The harmonious sounds of cries,
And of sobs,
Slowly petered away, as did the childhood
They robbed.

Year 11

Nothing will be left by Josh King

One and half billion
One and a half billion tons of garbage
dumped into the sea
Making the ocean nothing like the sight we
used to see
One and a half trillion gallons of sewage
water dumped in the ocean
Making the sea seem more like a witch's
potion
The damage done to our tides has too far
gone
A beauty turned to a disaster, destroyed,
dismayed and depleted
Our ancestors having robbed us, left us
feeling cheated
A change so wild, requiring abundant time to
be treated

Marine life was my first love
It seemed like it would last forever
But slowly depleting it becomes nothing like I
used to remember
Oil spills slithering their way into its lungs
Creeping up the body, passing through the
heart
Making the blood change from a living red, to
a deathly black
Nothing will be left but death.

Year 10

Confessions by Hannah Gallarza

His blood was as red as a rose in the day.
As my brother steps and falls to a rest.
They taught us to be good, to obey.
But their evil problems are those that we
address.

This isn't what was meant to occur.
Broken promises of glory and wealth. But
now we're the ones committing the
murder,
Our bodies are fine but our minds have
bad health.

We break into houses and raid whole
towns.

It's kill or be killed, it's kinetic.
But innocents scream and children run
around.

We fought through but now we just look
pathetic.

STAFF RECOGNITION

Our teaching staff are our greatest asset, providing commitment, dedication, knowledge and stability to our students. They have the ability to be a massive source of inspiration and drive to students, with most students remembering their 'favourite' or 'most influential' teacher during their time here at Geraldton Grammar School.

Teachers put in above and beyond. There is no such thing as an 8.30am - 3.00pm day for them. Nights are generally taken up with planning classes or marking, weekends can be taken up coaching a netball or soccer team, and tutoring is available outside of normal school hours.

In 2016, we would like to specifically recognise the following staff members, for their outstanding to Geraldton Grammar School and its students:

10 years

Julie Carroll
Liz Elliott-Lockhart
Kim Chatfield
Jenni Winterbine
Sue Mundy
Dawn Regan

5 years

Nigel Da Silva
Michelle Glynn
Nerina Gray
Kerri Jefferies
