

Welcome to the Boarding Experience

Geraldton Grammar School has been offering a caring community life for boarders through its partnership with Geraldton Residential College for over 20 years.

Support and Communication

Geraldton Grammar School provides a Geraldton Residential College Liaison who is the current Head of Secondary School, Simon Moffatt. Should you have any concerns related to boarding, please contact the Residential College itself or Simon Moffatt for assistance. From time to time, school staff will join the boarders for an evening meal to provide support and give the staff in the Residential College a chance to interact and communicate with the school.

Academic Support

Boarders have fully supervised study time each week in the school library on Wednesday for one hour after school. The Geraldton Residential College staff will deliver and collect students to and from the school in order to meet this academic requirement.

Boarding Costs for New Families

Please discuss boarding fees with Geraldton Residential College.

Boarding Fee Support

Subsidies are available through various sources depending on the distance from facilities. Information on accessing subsidies is available at: <http://www.humanservices.gov.au>

All enrolments at the Geraldton Residential College are between the parents of boarders and the college.

Application Process

Applications to both the Geraldton Residential College and Geraldton Grammar School need to take place in tandem. Please advise Geraldton Grammar School that you are enrolling a student at the Residential College, once your offer and acceptance with us is processed we will notify the Residential College that your child is enrolled at the school.
